Event Objective

The objective of the COVID-19 Vaccine programme is to protect individuals at highest risk from serious illness or death.

Event Summary

Our JIT NSS team along with Galileo Science Club organized the webinar on topic "Understanding COVID 19 Vaccines" presented by Dr. T V Venkateshwaran, Scientist F @ Division Head, Science and Communication Training Vigyan Prasar, New Delhi. Our NSS volunteer team was involved in organizing the event. Ms Srimirnalini .B II CSE, welcomes all the participants of this programme and Mr.Tamilselvan .S introduced the Chief Guest . Through this programme Dr. T V Venkateshwaran has shared the following valuable points with students, parents and common people through an online platform.

The COVID-19 vaccines produce protection against the disease, as a result of developing an immune response to the SARS-Cov-2 virus. Developing immunity through vaccination means there is a reduced

risk of developing the illness and its consequences. This immunity helps you fight the virus if exposed. Getting vaccinated may also protect people around you, because if you are protected from getting infected and from disease, you are less likely to infect someone else. This is particularly important to protect people at increased risk for severe illness from COVID-19, such as healthcare providers, older or elderly adults, and people with other medical conditions. Finally Mr Allampally Sai Neeraj, II CSE gave a vote of thanks.

Event Outcomes

Created awareness about the COVID vaccines and its importance for human life. This programme was more helpful for college students, faculties, our volunteers and also common people to understand the importance of COVID 19 Vaccines.

Event Feedback

How would you rate the event in terms of preparation, flow, and content?	<p>Excellent  95%</p> <p>Very Good  3%</p> <p>Good  1%</p> <p>Fair  1%</p>
The content and activities of the event has increased my knowledge.	<p>Strongly Agree  94%</p> <p>Agree  4%</p> <p>Neutral  2%</p> <p>Disagree  0</p>
Overall experience of the event.	<p>Very Satisfied  95%</p> <p>Satisfied  3%</p> <p>Neutral  2%</p> <p>Dissatisfied  0%</p>
