Event Objective

The main motto of the event is to create awareness on Dengue in associated with Padhuvampalli Panchayat, Chennappachetti Pudur.

Event Summary

The Dengue Awareness programme for people at Chennappachettipudur was organised by National Service Scheme (NSS) on 08.07.2021. Our NSS volunteer team was involved in organizing the event for people in the village. Ms S. Sindhu, II CSE, welcomes the gathering and People in the village to the awareness programme and Mr Sree Ram, II CSE explained about the improve early diagnosis and case management. To detect epidemics early and to respond to potential epidemics effectively. To strengthen monitoring and evaluation to ensure optimal programme implementation, management and performance. Also, the volunteers added "the 4S campaign stands for "Search and Destroy" mosquito breeding places, "Secure Self Protection" from a mosquito bite, "Seek Early Consultation" when signs and symptoms of dengue occur, and "Say Yes to Fogging" as a last resort when there is an impending outbreak" The volunteer team went to each house in that village and explained the seriousness of the Dengue virus and how it is produced from our household waste.

The volunteers have suggested precautionary measures like, wearing insect repellent, covering sleep areas with netting, and avoiding the outdoors at dusk and dawn (when mosquitoes are most active) can help lower the chances of infection.

Event Outcomes

The people at the village learned about the details and prevention steps that need to be taken at the earliest. This programme was more helpful for people at village and our volunteers to identify how to prevent dengue form their healthy life.
