Event Objective

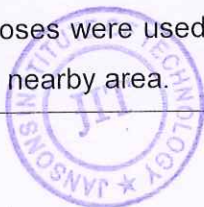

The main objective of this camp is to create an immune-free society and make ease the availability of covid vaccines to get doses to develop immunity to fight against the rapidly spreading virus.

Event Summary

Our college NSS Unit along with Rotary Somanur organized a free COVID vaccination camp on our college campus on 18.09.2021. For Medical assistance, the staff nurses provided from Prema Hospital, Karumathampatti. This camp has been organized for the betterment of people's health. This vaccination ensures the students; faculty members and other people lead an immune-free lifestyle. It has been planned to avoid more crowding in government hospitals and to make it easy for the people in the local to get the vaccination. We had a registration of the people who are willing to vaccinate with the help of NSS and YRC volunteers. The information collected from the people is secured for entering into the portal. In this, some people got their first dose of vaccination and some got their second dose of vaccination. We ensured people that those who got the first dose of vaccination should have the generated certificate with them so that they can get the second dose of vaccination with regard to the same vaccination on the first dose. In this camp, we provided both Covishield and Covaxin, the details are given below

Covishield I dose – 7 numbers, Covishield II dose – 52 numbers, Covaxin I dose – 3 numbers
Covaxin II dose – 8 numbers

Totally 70 doses were used to vaccinate the students, teaching and non-teaching faculty members, and people from nearby area.

Event Outcomes

It has been a great beneficial camp for the people who got vaccinated as these vaccines help them to protect themselves by developing immunity against the vulnerable virus (COVID -19) which is more threatening to lives on the planet. Through this camp, our NSS and YRC volunteers gain knowledge of programme arrangements and executions.
