“Biodiversity Survey Camp”

On 12.10.2021 at Jansons Institute of Technology

AGENDA

10.00 AM	Welcome Address Ms Safeera, II CSE
10.05 AM	Biodiversity Survey - Briefing & Demonstration Dr. K. Senthamil Selvan, NSS PO
10.25 AM	Survey at East side of academic block NSS Volunteers
	Survey at Ground area NSS Volunteers
	Survey at West side of academic block NSS Volunteers
	Survey at Hostel area NSS Volunteers
1.00 PM	Lunch
1.45 PM	Survey at South side of academic block NSS Volunteers
	Survey at North side of academic block NSS Volunteers
	Survey at Bus Stand region NSS Volunteers
4.15 PM	Vote of Thanks Mr. Gowtham Muthu, II CSE

Event Objective

The objective of this Biodiversity Survey camp is to create the awareness about the various species in the campus and its importance for human for life

Event Summary

The Biodiversity survey camp was organized by NSS, Eco club and Sustainability Cell on 12.10.2021 on the Jansons Institute of Technology campus. The students gathered near the flag post and Dr K. Senthamil Selvan, NSS PO addressed the students about the importance of biodiversity for human life and methods of taking surveys by using the Leaf Snap application on mobile. Ms Safeera, II CSE welcomes the gathering.

Our student volunteers look at the variation of life in a Jansons Institute of Technology campus which include academic and hostel blocks. When volunteers assess an area's biodiversity, they look at species richness (how many different species there are) and relative abundance (the number of organisms each species has). Mr. Balaji and the team surveyed the east side of the academic block, and Ms Safeera and the team covered the front side of the academic block. Mr Vamsi, II Mech covered the

area of Rain Water harvesting plant, ground in front of the academic block and west side of the college area.

In this Phase I survey, our volunteer team gives importance to the vegetation present on the campus. By using the leaf snap application, they tried to identify the species' name and its family name. 18 volunteers were involved in this biodiversity survey. More than 2000 tree and plant species are identified inside the campus region. Finally, Mr. Gowtham Muthu, II CSE delivered the vote of thanks and the day session was completed with more knowledge.

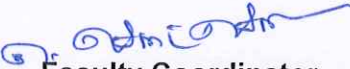

Event Outcomes

This Biodiversity survey camp created awareness about the importance of species for sustainable future

Event Feedback

How would you rate the event in terms of preparation, flow, and content?	 <table border="1"> <thead> <tr> <th>Rating</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Excellent</td> <td>96%</td> </tr> <tr> <td>Very Good</td> <td>3%</td> </tr> <tr> <td>Good</td> <td>1%</td> </tr> <tr> <td>Fair</td> <td>0%</td> </tr> </tbody> </table>	Rating	Percentage	Excellent	96%	Very Good	3%	Good	1%	Fair	0%
Rating	Percentage
