Event Objective

The main motto of the event is to create awareness on Food Waste Management for the NSS Volunteers.

Event Summary

The Food Waste Management Awareness programme was conducted for the NSS Volunteers by the National Service Scheme on 24.03.2022. Our NSS volunteer team was involved in organising the event. Ms. Priyanga G, II CSE gave the welcome address .Food waste management in India is becoming a critical problem due to the continuous increase of the Indian population. Indians waste the maximum amount of food as much as the whole of the UK consumes – a data point which will not be most indicative of our love of surfeit, because it is of our population. Most of the food is wasted in weddings, canteens, hotels, social and family functions, and households. Still, food wastage is a horrendous issue, so is food waste management in India. Our streets, garbage bins, and landfills are spoiling our environment and have sufficient evidence to prove it. In this regard our NSS volunteers Ms. Varshitha Rao and Sudeep Chanda from the department of II AI explained over the topic and we had planned to reduce the food waste in our college premises. Mr. Deepak, II AI delivered the vote of thanks.

Event Outcomes

By conducting this event students understand the value of food and how to reduce the wastage of food and support the sustainable development.
