No. of Participants / Beneficiaries

Total (Participants / Beneficiaries)	Students	Teacher	Students (Outside institution)	Teacher (Outside institution)
67	66	1	0	0

Event Objective

The main objective of the event is to create awareness to prevent pollution and to maintain the green of the planet and creature's safety.

Event Summary

The National Pollution Control Day programme was organised for our NSS Volunteers by the National Service Scheme (NSS) on 02.11.2021 at LH1, JIT. Our NSS volunteer team was involved in organizing the event. Ms. Joe Shelshia A, II AI&DS starts the programme by giving a welcome address. National Pollution Control Day 2021 is observed annually on December 2 to remember the people who lost lives during 1984 Bhopal Gas Tragedy. It is also the day to raise awareness about the hazards of air pollution. Sadly nine among ten people across the world do not have access to safe air and consequently face risk of respiratory disorders, lung cancer, brain or kidney damage and heart disease in the long run. Our college NSS volunteers presented and discussed the various types of pollution and its control measures. Particularly they are discussed about the Delhi Air pollution issues and the possible solutions. Mr. Sachin, II Mech gave the introduction about National pollution control day. Mr. Mohammed Jafar, II Mech explains the importance of celebrating the National Pollution Control Day. Mr. Rudra Gowd, II Civil talks about the various types of pollution and control measures. Mr. Nikhil Sai, II Mech clarifies all the queries at the end of the session. At last Mr. Deepak .C, II AI & DS gave vote of thanks.
