Developing and implementing fire safety protocols in the workplace is not only required by law but it is crucial to everyone's safety that may be in the building during a fire emergency. And finally vote of thanks is given by Mr. Haswanth S. S, II CSE.

The student, faculty, drivers and cooks at JIT learned about the details and prevention steps that need to be taken at the earliest. This programme was more helpful for everyone including our volunteers to identify how to prevent the Fire and safety measures.
