| 320 | 18 | 2 | - | - | 300 |

Event Objective

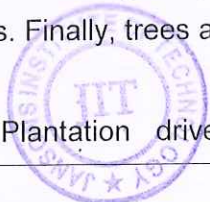

The main motto of this program is to have a good experience and make collaboration with village peoples, to know the use of trees and importance of tree plantation. The NSS team planned to do a tree plantation for Chennappa chetti pudhur Village.

Event Summary

The NSS team organized a tree plantation programme at Chennappa chetty pudur village and Dr. M. V. Suresh Kumar, Director- Administration has inaugurated the tree plantation programme on 25.03.2022, and also he planted a tree sapling in the Chennappa chetti pudur village. The welcome address is given by Ms. Sowmya, II CSE. Our NSS volunteers extended the program by planting the tree saplings in and around the village. We have planted nearly 50 saplings in that village.

Trees promote a strong economy and can provide numerous resources to the people that need them. While cities are getting hotter, trees can reduce urban temperatures. They provide habitat and food for animals. Finally, trees are valuable green infrastructure to manage storm water.

Tree Plantation drives combat many environmental issues like deforestation, erosion of soil

desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment. Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply. Everyone get an experience in that programme and also spread an awareness to those peoples in that village. At last vote of thanks is given by Ms.Sindhu ,II CSE .

Event Outcomes

The outcome of this event, at last NSS volunteers had a field work on planting the saplings and it will be a good example for each and every person to get knowledge about the importance of trees and plants for us to survive.
