Event Objective

To enrich the innovative thoughts and creative ideas of the students for effective contribution towards the society.
To enable students to think logically and collaborate with their team to build a model.
To educate the students about the latest advances, applications of analytics in various fields and also to empower them with analytical knowledge to make them more effective.
To Provide students with information about the latest methods & techniques to approach various business issues by leveraging data.

Event Summary

Data Analytics Club hosted an event "I am a Smarticus! (Accelerating ideas)" for students pursuing B.Tech Artificial Intelligence and Data Science on September 21, 2022, from 2.30 to 4.15 p.m. in Computer centre 2. The event got started with a welcome speech then comes with Ideas Accelerating Forum. In that each team expressed maximum number of ideas/solutions for a particular problem statement taken from the Accenture, SIH and other hackathons, etc. The event's co-chairs, Mr. M. Vivek, AP/AI, and Ms. S. Jansirani, AP/AI, were very interested in and appreciative of all the ideas that were presented. They also encouraged the student's innovative spirit and helped them realise how much potential they had to think big and dream of futuristic ideas. Out of n potential ideas, one idea is chosen based on novelty and real-time factors. The teams has been ranked under the criteria of number of ideas and the novelty of those ideas. Next phase of data collection and exploration can be explained clearly for further work.

In this data analytics club event, students had improved their Analytical skills and Intellectual thinking and also students had grasped knowledge and learnt more about,

- The difference between social pain and problem
- How to identify a novelty in a solution?
- Data Collection
- Data exploration
