Event Objective

The event was organised to experience and appreciate the diversity of birds in the campus

Event Summary

On 02 and 03 April 2022, 'Campus Bird Count' was organized in the Jansons Institute of Technology Campus, for the faculty members and students to experience and appreciate the diversity of birds in the campus. The event was organised by the Jansons Eco Club under the supervision of Dr. V. Kirubhanandhini, Independent Bird Researcher and a research scholar from Salim Ali Centre for Ornithology and Natural history (SACON). She was the event's chief guest. She led the faculty members and students through the event and guided everyone in identifying birds. Ms. L. Agnes Preethi, Assistant Professor, Civil and Coordinator, Jansons Eco Club organized the event.

Around 40 faculty members and students gathered for the bird watching in the campus of Jansons Institute of Technology, Coimbatore. The exercise provides a "snapshot" of the bird population and sheds light on the ecology that supports it. The event was scheduled to start at 6.00 a.m. for which all the participants gathered near the basketball ground. This event will take place every year to check the different number of bird species in the Jansons Institute of Technology campus. The inaugural event was organized by the Jansons Eco Club.

A total of 20 species of birds were counted during the two days event. The species spotted in the JIT

campus includes The Indian peafowl, Eurasian collared dove, spotted dove, Jacobin cuckoo, coppersmith barbet, Woodpecker, Rose-ringed parakeet, black drongo, Rufous Treepie, Red-vented bulbul, Red-whiskered bulbul, Indian robin, Oriental magpie-robin, purple-rumped sunbird, purple sunbird, greater coucal, jungle babbler, Black Kite, Asian koel, House crow, Indian Myna and House sparrow.
