## Event Summary

We organized Ideathon-Innovation Minds 2022 on 05.11.22 by Electronics Hubby Club in association with Institution's Innovation Council. Ideathons are intensive brainstorming events where individuals from different backgrounds, skills and interests converge to diagnose predefined problems, identify the best opportunities and ideate the most viable solution. The key reason for conducting this event is to make students work on the issues faced by the real world. Each student came up with problems faced by most of the people in regard with energy, cleanliness and so on. They proposed solution based on the problems. After which questionnaire session carried on by Ms M Surya ,Coordinator of Electronics Hobby club where every team had questions regarding their presentation. Students worked on problem statements and are now ready to do develop products on the same.
