Topic : Awareness Campaign on Energy Conservation

Event Objective

To Create awareness to public about Energy Conservation.
To Provide detailed instructions to public for saving electricity.

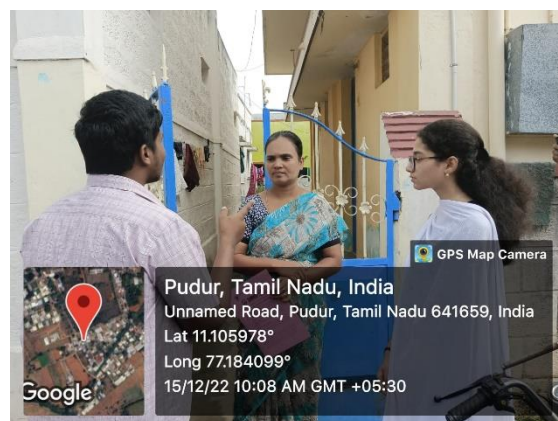

Event Summary

The National Energy Conservation Day is being celebrated every year on December 14 since 1991. The Bureau of Energy Efficiency (BEE), under Ministry of Power spearheads the celebrations every year. National Energy Conservation Day is celebrated to create awareness about the need for energy conservation among people. The day also highlights measures in which ordinary people can come together and lessen their energy consumption. In this regard Institution Innovation Council & Energia Club of Jansons Institute of Technology organized an event on "Awareness Campaign on Energy Conservation". The Event was conducted at Elachipalayam-Karumathampatti (Village), Coimbatore by an Energia club members of Jansons Institute of Technology. Our Energia Club members and faculty members created awareness for energy conservation and energy savings importance.
