## Event Objective

The objective of the session is to provide an understanding of basic concepts of IPR related terminology and also to guide an individual about patent drafting, formulation of claims and filing.

## Event Summary

A Webinar on "Imperative elements for Technical Patent Drafting" organized on 08.02.2022 by the Industrial IOT club in association with IIC and IPR cell at Jansons Institute of Technology, Coimbatore. The session was initiated with the welcome address by Mrs.N.Krishnapriya, AP/ECE, IIoT Club Coordinator, who addressed the participants in Moodle. Mrs.V.Vidhya Gowri, ASP/ECE, unveiled the profile of Resource person.

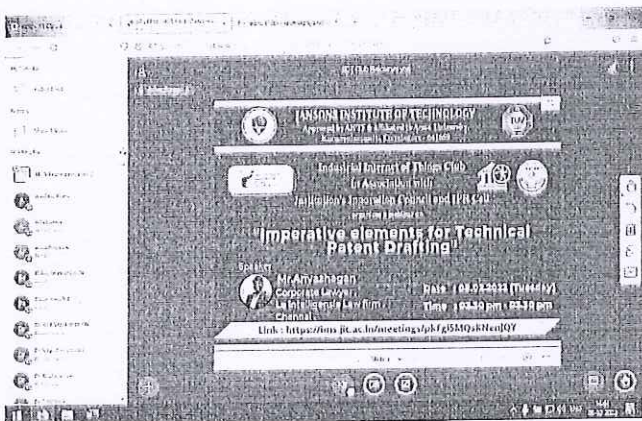

Mr.Arivazhagan, Corporate Lawyer, Le Intelligensia law firm, Chennai, clearly stated the essential

elements of patent drafting. The program was an initiative towards imparting knowledge to the faculties about the functional specification to be embodied in a patent proposal. The resource person also stated the registration process flow and the significant usage of technical terminologies. He gave an insight towards the difference between Novelty and Inventive step along with a case study. Faculty members took part in the event which was enriching and highly insightful. The session ended with the interaction of the faculties with the resource person. Mrs.N.Krishnapriya, AP/ECE, IIoT Club Coordinator, presided the vote of thanks at the end of the session. The total number of participants who attended the session is 58.

Mr.Arivazhagan, Corporate Lawyer, explained the novelty with a case study

### Event Outcomes

Faculties are confident and able to build their knowledge and competency on drafting a patent proposal. The participants are thorough with step-by-step procedure for obtaining patents in India, different types of forms to be used, fee schedule and formulate patent application themselves with complete specifications and claims.
