Event brief (500 words with photo):

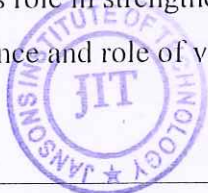

Economic growth is a positive force for the whole world. The financial progress need to be created without harming the environment. The 8th global goals for sustainable development focus on “**Decent work and Economic growth**”. There are twelve targets to create action to ensure decent work and sustainable economic growth.

Natural disasters and pandemics directly affect economic activities leading to very high economic losses throwing many households into poverty. The impact of covid-19 pandemic on India has been largely disruptive in terms of economic activity.

Awareness among student community about the impact of pandemic on economy and their role for improving the economy is essential at this circumstance. On this regard an “Awareness program on individual contribution on improving Indian economy post pandemic” was organized by JIT sustainability cell. Jandyam Venkata Varshitha rao of II AI presented on the topic.

Points discussed:

- ❖ Impact of pandemic on Indian economy
- ❖ Statistics on fall of employment
- ❖ Economic impact of covid-19 crisis on tourism
- ❖ Impact of employment and labour
- ❖ Solution to get back our economy line back to normal
- ❖ Students role in strengthening economy
- ❖ Importance and role of valuable of education on economic growth
