Mr.Subash Chandra Bose student from Mechanical Department thanked the gathering. The celebration came to an end with National Anthem.

Students energetically participated and they came to know about the following points:

Dr.Moulana Abul Kalam Azad was responsible for setting up TOP education bodies like AICTE and UGC. After independence, India struggled to completely stabilize its institutions. Recognizing that education would be crucial for nation-building, the leaders of the country shifted their focus towards education. Abul Kalam, in particular, served as the flag bearer for this cause.

As a educationist, Azad advocated for the education of women, universal primary education, and compulsory education for all children upto the age of 14, vocational training and technical education. He firmly believed that primary education should be imparted in the mother-tongue. In 1949, in the Central Assembly, he emphasized the importance of imparting instruction in modern sciences and knowledge. He also said that no programme of national education can be appropriate if it does not give full consideration to the education and advancement of the women.

As a freedom fighter, he started a weekly journal in Urdu called Al-Hilal to criticise British Raj. He was awarded Bharat Ratna in 1992 for his contribution as an educationist and a freedom fighter.

<b>Outcomes</b>	Importance of National Education Day was imparted among the students.
<b>Feedback</b>	Students participated and also contributed for the celebration of the day.
<b>Suggestions / Future actions</b>	Every year the day has to be celebrated with enthusiasm.
