Event brief (500 words with photo):

A workshop on drafting of Patents for Beginners was arranged for the interested faculty members on 29.1.2019. The workshop was handled by Prof P.Gowtham, Department of ECE, Coordinator of EDC cell. About 42 faculty members attended the workshop. The workshop gave an insight about the preparation of patents for beginners. The concept of prior art, process of writing claims, design patent formation was explained by the speaker. The speaker explained the case with the example he was working with. The patent search was also done and explained to the listeners. The workshop was useful for the faculty who are new to the IPR field.

Dr. P.Gowtham explains the patent drafting during the Workshop on Patent Drafting for Beginners on 29.1.2019

Outcomes	The basics of patent drafting and patent search were learnt.
Feedback	The faculty found the session to be useful
Suggestions / Future actions	Students should also be educated on IPR cell
