Report

Name of the Program	Seminar on "Research Aspects and Paper Publication "
Date & No. of days	12.2.2019 (AN)
Organized by	 Intellectual Property rights cell
Venue	LH22
Speaker	Prof M.Matheswaran, Associate Professor/Mechanical Engineering Department, Jansons Institute of Technology
Participants/ Beneficiaries	ME students, Faculty members of JIT
Event brief (500 words with photo):	
<p>The IPR cell has arranged an seminar on Research Aspects an Paper Publication to the ME students and the faculty members of JIT. Prof M. Matheswaran of Mechanical department delivered the seminar on 12.2.2019. He explained about the concept of research and how to identify the research area. He explained about literature review, problem formulation and identifying solution to the problem. He then addressed how the research work could be converted to a good journal paper. He also gave an insight about plagiarism checking, the journal impact factor, citation index, h-index of a journal paper. He sighted his publications during his presentation. The faculty found the information to be helpful for publications. A total of 10 ME students of various disciplines and 17 faculty members attended the seminar.</p>	
	
Prof. M.Matheswaran explains the steps involved in paper publication during the seminar on Research Aspects and Paper Publication on 12.2.2019	
Outcomes	The students learnt about literature review, problem preparation and method result preparation for a journal paper
Feedback	The session was appreciated by the faculty and students
