

YEARLY STATUS REPORT - 2022-2023

Part A

Data of the Institution

1.Name of the Institution

Jansons Institute of Technology

• Name of the Head of the institution **Dr. Nagarajan V**

• Designation **Principal**

• Does the institution function from its own campus? **Yes**

• Phone no./Alternate phone no. **04212264900**

• Mobile no **9715542000**

• Registered e-mail **info@jit.ac.in**

• Alternate e-mail **principal@jit.ac.in**

• Address **SF.NO 443/1,2, 442/1A & 442/1B**

• City/Town **Coimbatore**

• State/UT **Tamil Nadu (TN)**

• Pin Code **641659**

2.Institutional status

• Affiliated /Constituent **Affiliated**

• Type of Institution **Co-education**

• Location **Rural**

• Financial Status **Self-financing**

- Name of the Affiliating University **Anna University**
- Name of the IQAC Coordinator **Davis Hans S J**
- Phone No. **04212264900**
- Alternate phone No. **9750053222**
- Mobile **7811858855**
- IQAC e-mail address **iqac@jit.ac.in**
- Alternate Email address **s.j.davishans@jit.ac.in**

3.Website address (Web link of the AQAR (Previous Academic Year)) <https://jit.ac.in/iqac/reports>

4.Whether Academic Calendar prepared during the year? **Yes**

- if yes, whether it is uploaded in the Institutional website Web link: <https://jit.ac.in/academic-calendar/>

5.Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	A	3.23	2023	24/06/2023	23/06/2028

6.Date of Establishment of IQAC **06/01/2016**

7.Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,

Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount
Nil	Nil	Nil	Nil	Nil

8.Whether composition of IQAC as per latest NAAC guidelines **Yes**

- Upload latest notification of formation of IQAC [View File](#)

9.No. of IQAC meetings held during the year **2**

- Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? **Yes**
- If No, please upload the minutes of the meeting(s) and Action Taken Report **No File Uploaded**

10. Whether IQAC received funding from any of the funding agency to support its activities during the year? **No**

- If yes, mention the amount

11. Significant contributions made by IQAC during the current year (maximum five bullets)

Assessment and Accreditation by National Assessment and Accreditation Council was successfully completed with "A" Grade. Quality Management System ISO 9001:2015 surveillance audit successfully completed, and certification is valid till 21 August 2025. Academic and Administrative Audit was conducted for AY 2022-2023.

The institution is ranked in the band of 151 to 300 - NIRF Innovation Ranking 2023. Innovation and research activities were conducted effectively. A 4-star rating for innovation activities was earned by Institution's Innovation Council consecutively in the academic year 2021-2022 and 2022-2023.

The institution effectively organised various curricular, co-curricular activities and extracurricular activities and NDLI Club of JIT is adjudged as one of the best performing clubs in 2023 by the Ministry of Education.

The institution is recognised as Research Centre by Anna University for the Department of Mechanical Engineering in the year 2023 (for three years) and the current h - index of the institution is '24'.

The Institute effectively participated in AICTE initiatives such as ATAL FDP, Fit India Movement, Viksit Bharat@2047: Voice of Youth etc., and also effectively followed the implemented Exam Reforms Policy, Internship Policy, Student Induction Program, and Universal Human Values Course.

12. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year

Plan of Action	Achievements/Outcomes
Curricular enrichment in the field of emerging technology	30 Industry readiness courses offered in the domain of emerging technology and idea generation for innovation. And various guest lectures and webinars were organized.
Improving Student Enrolment and enhancing students' learning experience	94.33% student enrolment in the academic year 2022-2023. Student Induction Program and course on Universal Human Values were offered for the first-year students
Catalyzing innovation and research culture in the institution	The institution is ranked in the band of 151 to 300 - NIRF Innovation Ranking 2023. Innovation and research activities were conducted effectively. A 4-star rating for innovation activities was earned by Institution's Innovation Council consecutively in the academic year 2021-2022 and 2022-2023.
Improving students' success in academics and starting a career	97% of students cleared end semester examination in final year.
Enhancing extension and outreach activities along with co-curricular and extracurricular activities	The institution was awarded Bharatiya Gyan Vicak?aa Purask?ra in recognition of the commendable efforts and unwavering commitment towards advancing and promoting the Indian Knowledge System.
Knowledge enhancement of faculty and staff	The institution is recognised as Research Centre by Anna University for the Department of Mechanical Engineering in the year 2023 (for three years) and the current h - index of the

	institution is '24'.

15. Multidisciplinary / interdisciplinary

Jansons Institute of Technology offers Degree Programmes in Engineering and Technology and is affiliated to Anna University. JIT offers different programs like Artificial Intelligence and Data Science, Civil Engineering. Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and Mechanical Engineering. JIT follows the curriculum developed by Anna University and students enrolled in these programmes are offered interdisciplinary courses through open electives which can be opted by students based on their interests. All the programmes offered have elective courses in which the students of a particular programme are exposed to multidisciplinary education by choosing a course in a different domain. Interdisciplinary and multidisciplinary projects are encouraged during their period of study. Considering abundant scope for implementing a multidisciplinary approach to education institutions as envisaged in the NEP2020, JIT has developed a strategic plan to realise the opportunities opened NEP2020 in implementing Multidisciplinary / interdisciplinary courses and programmes in Engineering and Technology, Arts and Science, and Management Studies through mainstream, vocational and online education.

16. Academic bank of credits (ABC):

Jansons Institute of Technology has registered in National Academic Repository, to ensure that the academic awards are stored permanently in a secured digital depository as well as to make the same available online to all stakeholders such as pass-out students, enrolling pass-out students for higher studies, Employers, and Verifying Agencies, 24x7 basis and for credit transfer between institutions. Since the launch of NAD and

referring to the Notification received from the Office of the Controller of Examinations Anna University, Chennai, dtd.: 15-05-2019, our institution uploaded the academic details of the wards in the NAD Portal. Presently, referring to the notification received from the Government of India, Ministry of Human Resource Development, Department of Higher Education, Dated March 2020, the entering of wards data into the Ministry of Electronics and Information Technology (MeitY) through the DigiLocker is in progress. Registration for the Academic Bank of Credits (ABC) has been approved by DigiLocker-NAD on 02-11-2023.

17.Skill development:

Jansons Institute of Technology (JIT) offers skill development courses to students through its Centre for Corporate Relations (CCR). The courses are resourced from various schemes of AICTE and the Government of India. JIT has implemented the mandatory internship policy and examination reforms policy. Through the examination reforms policy Skill Development Courses - Industry Readiness Courses are offered along with industrial exposure through internships. JIT is an active member of the AICTE-SLA (PARAKH) project designed to measure the benchmark levels of students in technical programs and to understand the various factors that affect the skill development of students in Technical Institutes across India. JIT has associated with AICTE - National Educational Alliance for Technology (NEAT) to bridge the gap between students and the learning platform of Education Technology companies in India. JIT has implemented the National Initiative for Technical Teachers Training (NITTT) scheme initiated by AICTE and MoE to provide training for teachers working in AICTE-approved technical institutions and successfully trained 4 mentors.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Jansons Institute of Technology is committed to creating awareness among Faculty members and Students regarding the contributions of the Indian Civilization in the domains of Science and Technology that have evolved under the context of NEP 2020. Bringing Indian Knowledge Systems (IKS) to the center stage of Education, a Universal Human Values course was offered to the first-year students. JIT aspires to bring insights from various Indian thought traditions to strengthen the knowledge base and create comparative perspectives for teachers & stakeholders in Higher Educational Institutions (from India and abroad) that shall enable them to empower the students to become

compassionate, fulfilled individuals, good citizens and contributing members of the world order. In this context, faculty members are being trained in Indian Knowledge Systems - Contemporary Education & Practices and Universal Human Values.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Jansons Institute of Technology (JIT) has adopted the Outcome-Based Education (OBE) model for its Teaching and Learning activities in an effort to improve the students' knowledge and skills. JIT, an affiliated institution, follows the OBE curriculum developed by Anna University, Chennai (AU Regulation 2017 and 2021). The academic process caters to a diverse range of learners and maintains equity. Slow and advanced learners are identified based on their performance and for them, through remedial classes, open book tests, and tutorials, slow learners are supported with additional inputs. Advanced learners are facilitated to earn more credit through NPTEL / Swayam online courses and Internships, to attain a higher level of excellence through specialized training programmes, and are inspired to excel in competitive examinations and for overseas studies. Experiential Learning (field and industrial visits and industry involved courses), Activity Based Learning (interactive session/model and video based/concept mapping/flipped classroom strategy, etc.), and Participative Learning (practical assignments/course-related projects/virtual laboratory/quiz/exhibition/hackathon, etc.) are continuously practiced by the faculty members to enhance learning experiences and supplement classroom instruction. Utilizing ICT-enabled tools facilitates effective teaching and learning.

20.Distance education/online education:

Jansons Institute of Technology facilitates the students to undergo online/distance education to learn the latest technologies and upgrade themselves through MOOCs (Massive Open Online Courses) offered by Swayam / NPTEL, Infosys SpringBoard, Coursera, Spoken Tutorials, etc. MOOCs certificates obtained by the students offer them a cutting edge in employability in the industry and also help them pursue a suitable higher education programme. The institution facilitates students to utilize its Wi-Fi-enabled Digital Library and Computer Centres to access these MOOC Courses. All information regarding the course is updated to students via email notifications and posting the information in JIT Central Library OPAC Portal with all relevant links. All faculty members were also encouraged to enroll in MOOCs. Students and faculty earned certificates for the successful completion of

courses by NPTEL -MOOCs, Coursera, IBM Skill Build, Factana Academy, ICT Academy and Infosys - Springboard.

CURRICULAR ASPECTS	
1.1 - Curricular Planning and Implementation	
1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process	
<p>Curricular Planning:</p> <p>Jansons Institute of Technology is affiliated to Anna University and follows outcome based education with Choice Based Credit System. The syllabuses for all programs are provided by Anna University. The PAQIC and DAC reviews the syllabus and recommends academic plans. Academic calendar is released based on the academic schedule released by Anna University prior to commencement of semester.</p> <p>Electives are opted by students and course allocation is made based on the faculty preference and specialization. Class, Faculty and laboratory timetable are released along with faculty workload. A course committee is formed when a course is offered to more than</p>	

one department to ensure uniform and effective delivery of curriculum across all classes.

Curriculum Delivery:

The faculties prepare a detailed course delivery plan(CDP). Lecture notes for all courses are made available to students in JiT eEDU LMS. The quality of the curriculum delivery and completion of syllabus is effectively monitored by class committee meetings, student feedback, mentor ward meetings, course committee meetings and HoD. End semester question papers are reviewed and suggestions/ recommendations for further improvements are made available for subsequent semesters for followup. An end semester audit is conducted to review and ensure the quality of academic activities

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Jansons Institute of Technology(JIT) follows the Anna University(AU) academic schedule which has:

- Commencement of classes
- Last working day
- Commencement of University Practical Exams
- Commencement of End Semester Exams and
- Tentative reopening date for the next semester

Anna University also releases an assessment schedule. Attendance and CIA test marks are uploaded in Anna University Pre-Examination Monitoring System(web portal) as per the given assessment schedule.

- First assessment period - attendance
- Second assessment period - attendance & CIA-I test mark
- Third assessment period - attendance & CIA-II test mark
- Fourth assessment period - attendance & CIA-III test mark

Based on this information, the academic calendar is prepared coherently with the Anna University(AU) academic schedule and assessment schedule and with the recommendations of GC, IQAC, DAC, PAQICof all Departments and then released by the Principal through the exam cell. The academic calendar is displayed on the college website, LMS and displayed on notice boards.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The curriculum provided by the University integrates the environmental issues, technology and innovations toward sustainability, imparting the knowledge about ethics and human values in their professional career and nation building. In addition to the curriculum the institution inculcates professional ethics, gender equity, human values and sustainable environment

through various club and professional society through experiential activities.

The curriculum includes courses like Environmental Sciences and Engineering, Municipal Solid Waste Management, Hospital Waste Management, Renewable energy sources, etc. which provides the value of the preservation of the environment and technological ideology for moving towards a sustainable future.

The Internal Women Caring Cell (IWCC) ensures in spreading the importance of gender sensitiveness, prevention of sexual harassment and importance of women in integral growth of the society. Various initiatives are taken by the club such as organising events on remembering eminent women personalities. The institution promotes women to be entrepreneurs through Entrepreneurship Development Cell (EDC). EDC organizes awareness camps, in which female students are actively involved.

As a part of curriculum courses like Professional Ethics, Principles of Management, Total Quality Management and Universal Human Values are offered and these courses sensitize students about their role in society.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The Students Induction Programme is offered to first-year students in English, Computer Science, and Advanced Technologies and is held to appeal to students from various backgrounds. All of these

courses emphasise active learning. A bridge course in mathematics is organised for lateral entry students who are lacking in mathematics concepts. The first semester students are classified as slow learners based on their mathematics grades in HSC Exams, special coaching is provided to the CIA Exams. Slow learners and advanced learners are classified in higher semesters based on their performance (Grades) in university examinations. Slow learners receive additional instruction prior to each Internal Assessment Exam in order to improve their learning abilities. The Institution student mentoring process ascertains, the academic progress of both Slow and Advanced Learners effectively apart from tracking mentees attendance, academic needs, personal behaviour and other needs. Advanced Learners have to do NPTEL courses and to participate in technical events conducted at on/off campus and to update/gain knowledge on current emerging technologies. Students also compete at the national level contests like the Smart India Hackathon. All of these activities are open to interested slow learners as well as advanced learners.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Experiential learning, participatory learning and problem-solving methodologies are emphasised at our institute. All of these approaches are covered in the required curriculum seminars/case studies and mini-projects/project work.

Experiential Learning is used in about 33% of lab-based courses each semester, assisting students in obtaining information on a topic by doing experiments and understanding the results. The project phase demonstrates experiential learning: Each student visualises a concept and formulates the idea after getting review comments.

Tutorial classes are part of numerically based courses. The tutorial lessons are scheduled as part of the course delivery, and students participate individually or in groups to solve issues, case studies, and other tasks. Along with all of the student-centred strategies outlined above, students participate in internships, in-plant training, and industrial trips to put what they've learned in class into practice.

These activities also help them prepare by exposing them to real world industry scenarios and work cultures. The institution hosts symposium, conferences and project competitions to demonstrate student's technical, interpersonal, and leadership abilities in real world circumstances.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

All the Classrooms, Seminar Halls, CC-Labs at our institutions are ICT enabled comprising LAN/WiFi capabilities, LCD projectors, pointers and fixed/portable speakers. Learning Management System (LMS) through blended learning, self-paced learning, flipped classroom and others, e-learning content is delivered to students powered by JiT eEDU. The Students and faculty members can use the service through web browser.

Faculty members post video contents to demonstrate concepts as part of course delivery and also create interactive content for courses through flash or SCROM package, Screen casting, Chat board and Teleconferencing (JIT Open Meetings). To match up with the rising trend of m-learning (mobile learning) as a form of e-learning all students can access the learning content in their

mobile using LMS mobile app. In the academic year 2021–2022 (odd semester), JIT was effectively prepared for online classes during the pandemic by using ICT technologies through JiT eEDU, which was run by faculty members in place of physical mode classes. JIT Cloud offers personal cloud storage to all faculty members and students for storing and sharing files. JIT IaaS (Just-in-Time Infrastructure as a Service) is a type of cloud computing that offers virtualized computer resources for private use over the internet or a private network.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Theory Courses

During the semester, three CIA tests, each worth 50 marks and lasting 90 minutes, are given and converted to a total of 100 marks. The total number of marks earned across all tests is 300 and deduced proportionately to 20 marks.

Laboratory Courses

To arrive at a score of 20 on the Internal Assessment, the following elements were considered: Students will gain 75 marks for successfully completing all of the laboratory experiments, as well as 25 marks for the model practical examination.

Theory Courses with Laboratory Component

The first two tests (each worth 100 marks) cover the theory sections, while the third test (with a maximum of 100 marks) covers the laboratory section. The first two test's total marks are decreased to 60, while the third test's total mark is cut to 40. The total of these 100 marks is then converted to 20.

Project Work

A single student or a small group of students (no more than 4) completes the project. The project is evaluated by a review committee. The review committee conducts four reviews throughout the semester. The zeroth review is used to complete the project and is not used to determine internal grades.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The CIA tests are administered by the exam cell in accordance with the academic calendar and the Anna University academic schedule. The test schedule is available on the college website, and the question paper and answer key, along with the scheme of evaluation, are evaluated by the Head of Department before being forwarded to the exam cell by the department exam cell

coordinator.

- A class committee meeting is conducted before all CIA tests to discuss class activities along with exam related grievance.
- Syllabus coverage for internal test
- Difficulty in understanding of any courses and extra support
- Previous test performance in case of second and third review

The university portal entry report which contains the marks scored by individual students and attendance for the particular assessment period is prepared by class advisor, verified by course faculty and approved by Head of Department and the Head of the Institution. Mentors inform parents about their mentees general performance, attendance and feedback. By this process the parents were informed about student's CIA performance. As a result, the process of internal evaluation is conducted in perfectly and transparently.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Each department defines Program Outcomes (POs) and Program Specific Outcomes (PSOs) as part of the college's outcome-based education. We avail a consultation process with stakeholders to define the POs and PSOs, which are aligned with the college's and department's vision and mission, as well as graduate qualities. We follow the twelve Program Outcomes (POs) specified by the National Board of Accreditation (NBA), New Delhi, which must be met by all higher education programmes. The Course Outcomes (COs) for each subject are mentioned in the university syllabus or can be defined by the concerned faculty member in conjunction with other faculty teaching the same subject and the Head of the Department. The POs and PSOs are displayed on Institutional Website (www.jit.ac.in) Department Laboratories and Main Corridors. PO & PSO are disseminated to students on the opening day of the semester by

their faculty advisor and to the faculty members, non teaching staff by the Department Head at Department Meetings. The Head of the Department, Faculty, Class advisor, Mentor and Students will communicate to their parent during one-on-one sessions. External stakeholder members get the information from Alumni Cell, Placement Cell via the College Website. Faculty members disseminate the CO to students throughout the course period.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Attainment of Programme Outcomes, Program Specific Outcomes and Course Outcomes are evaluated by two methods.

1. Direct PO & PSO Assessment Process

a. Direct Course Assessment

Internal Assessment: Students are graded on MCQs, assignments, tutorials, quizzes, and other activities. CO is assigned to each question on the Internal Examination question paper. When the Internal Assessment (IA) is completed, the students' CO scores are added together.

External Evaluation: CO is computed by taking 60% of the university examination level and 40% of the IA level into account.

b. Indirect Course Assessment: The Students provide input on a scale of 1 to 5 in course exit questionnaires. Final course wise PO and PSO Attainment: For attainment calculations, the average of direct CO - PO attainment data from the CO - PO correlation matrix is gathered for all courses, and Indirect Course Assessment is averaged in 80:20 ratios.

2. Indirect Method for PO and PSO Attainment: Exit survey for students who will graduate at the end of the eighth semester.

Final Attainment for PO PSO Attainment: The overall attainment for a batch is calculated by taking into account 80% direct and 20% indirect attainment.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Jansons Institute of Technology (JIT) has instigated various

measures in promoting research activities and fosters an innovative ecosystem through center viz, Institution Innovation Council (IIC), Entrepreneurship Development Cell (EDC), Intellectual Property Rights cell (IPR) and other technical clubs' activities. JIT is one of the approved institutes for IIC by the Ministry of Education (MoE), Government of India. It has developed a "Innovation cell" on campus with the goal of methodically cultivating an innovation culture among students and faculty. The institution is ranked in the band of 151 to 300 - NIRF Innovation Ranking 2023. The Institution's Innovation Council is rated four stars in the academic year 2021-2022 and 2022-2023 for its practices towards innovative ecosystem

The EDC converts innovative prototypes into marketable products by arranging pre-incubation facilities. He5 solutions and FICHE Technologies are the two pre- incubators at JIT. The IPR cell organize workshops on IPR and assists with patent applications.

JIT's technical clubs organise hackathons and skill training programmes to help students enhance their skill sets and come up with innovative solutions to real-world challenges. The institution encourages the teachers to perform research and consultancy work and recognize their contribution towards research. The students are motivated to perform innovations by providing seed funding for their projects.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Over the past year, our college NSS, YRC, and RRC units have been actively engaged in organizing a myriad of awareness programs targeting both college students and the local village population. Through a series of competitions, webinars, and events, we successfully raised awareness on crucial issues such as Hepatitis Day, Nature Conservation, Anti-Drug Campaigns, Plastic Awareness, Alcohol Use Disorder, and the Hazards of Tobacco consumption.

Our outreach activities extended beyond the campus, with Free Eye Checkup and Health Checkup camps benefiting the residents of M Rayarpalayam village. Additionally, our RRC unit organized an HIV/AIDS awareness program for college students, contributing to their overall well-being.

Noteworthy accomplishments include the solid waste management awareness training program in M Rayarpalayam village, where villagers learned to segregate waste effectively, significantly aiding Padhuvampalli Panchayat in municipal solid waste handling. Over 500 individuals directly and indirectly benefited from our extension and outreach activities.

In a unique endeavor, our NSS volunteer, Ms. S Deekshi, a second-year CSE student, participated in Yuva Sangam Phase 2 and visited Bihar State to gain insights into its rich culture and values during the academic year 2022-2023.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The Institution encompasses a well maintained lush green campus spread over 13.61 acres of land ensuring adequate availability and optimal utilization of physical infrastructure for teaching learning activities. The exemplary Institution aims to offer all possible cutting-edge technological advancements to impart quality value-based Technical Education.

Classrooms:

The College has a sufficient number of well-furnished, well-ventilated, spacious & fully air-conditioned Lecture halls (classrooms) equipped with LCD projectors and ICT tools to promote Innovative teaching-learning process. The entire campus is Wi-Fi enabled with 24/7 internet facilities to cater the needs of all the stakeholders.

Laboratories:

All laboratories are well equipped with state-of-the-art equipment's and facilities as per AICTE and AU norms. Labs have sufficient licensed software and open-source tools to cater the requirements of curriculum & industry enabled teaching.

ICT facilities:

The Institution has adopted various measures to raise the level of digital consciousness and competency of the students to acclimatizethem to the contemporary digital environment. The lecture halls are well furnished with a Computer, LCD projector and audio system with internet connection which facilitates a world-class teaching environment to enhance the knowledge of the students.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

Cultural activities:

The Institution is proactive in providing facilities for students to participate in Co-curricular and Extra-curricular activities in various ways. The Auditorium is a gallery-type seating for 459 persons, with a well-crafted decor, lends a professional touch to this august structure.

Sports:

The Institution offers bountiful amenities for the students to rivet with the various sports activities both outdoor and indoor games under the guidance of a qualified full time physical director. Every year, sports day is organized to expose the talents of our students.

Gymnasium:

The Institution provides well equipped gym in girls and boys hostels to build their stamina and encourages the students about the value of being physically active.

Yoga centre:

A Yoga Hall with a soothing ambience is offered to shape their energies in a healthy way and also hone their physique.

Incubation Space:

The Institution renders an inclusive incubation space for student scale-ups to reconcile their studies with their entrepreneurial adventure. The innovative business models are supported with incubation facilities at JIT-Centre for Innovation Incubation and Entrepreneurship, where the incubates are motivated to attain the highest levels of technology, manufacturing, and investment readiness and to integrate with the Indian start-up ecosystem.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Institution library acts as an avenue for students to take an educated detour into the world of engineering ideas with an area of 558 sq. m. with 180 seating capacity. An array of print and electronic resources is made available to satisfy the curricular needs of the JIT community. It also houses a Digital library with a reservoir of electronic book collections and reprographic services for the students.

Integrated Library Management System:

The Central library is automated through Koha - a full featured open source integrated library system. Koha is a web-based ILMS, with a SQL database back end with cataloguing data stored in MARC and customizable Web-based Interfaces. Software version of Koha is 22.05 with the following features:

- Union catalog facility
- Customizable search
- Online circulation
- Report generation
- Patron registration form through OPAC

Subscriptions are made for e-journals and e-magazines every year like ICTACT, ICI, IEEE, DELNET, J-GATE, IESTC, NDLI, World eBook Library, MAT Journals and Enriched e-Journals. The Institution is the active data contributor of 14026 library records for enhancing the best practices - Data Sharing and Accessibility among the scholarly community among the DELNET Member Institutions.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The Institution has massive information technology facilities including the internet connection leased line with 200 Mbps bandwidth spread over the campus to have the hassle-free internet connection and they are updated frequently whenever there is a demand. The Wireless Fidelity across the institution are enabled

through the deployment of secured 802.11 2.4/5 GHz based wireless access points with centralized authentication to allow secure network access through laptops and Wi-Fi enabled devices. The IT infrastructure and resources are updated and upgraded continuously as per the requirements and changing technology. All the IT resources and contents are available to all the faculty and students from their desk as well as anywhere-anytime over internet & campus network. These facilities are offered by JiT eEDU which hosts Clusters of Linux servers to provide services such as Moodle, Centralized Cloud Data Storage, Koha ILMS, etc. JiT eEDU has the web server where the college domain 'jit.ac.in' is hosted inside the campus without any outsource. Network is also secured using Sophos Firewall (NAT) through which all data transfers into the internet. Sophos Firewall is provided to prevent unauthorized Internet users from accessing private networks connected to the Internet, especially intranets.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The Institution cultivates established systems and procedures for maintaining and utilizing all the facilities. Maintenance of network infrastructure & IT related equipment's are taken care of by System Manager and his team. Laboratories are maintained on the basis of regular monitoring of stock verification and servicing will be done if required. The librarian is in-charge for handling all the maintenance works required in the library through maintenance staff. Regular swabbing of the library sections, regular cleaning of the racks, upkeeping the quality of the books with needed binding are in place. Pest control of library books and records is done every year by the maintenance department.

The Sports officer takes responsibility for all repairs pertaining to sports equipment and maintenance of courts with the help of the maintenance staff. Maintenance of buildings and physical resources like lecture halls, labs, seminar halls, auditorium, hostels etc come under daily maintenance which are undertaken by the Campus Manager and his team. This team looks after the regular maintenance of civil works, painting, carpentry, plumbing and house-keeping.

Adequate in-house staff is employed to meticulously maintain hygiene, cleanliness and infrastructure on the campus so as to provide a congenial learning environment.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

Jansons Institute of Technology provides ample opportunities for developing technical skills, updating knowledge, and personality development, through various associations, club activities, and societies functioning in the campus.

Administrative activities

Student representatives are involved in DAC, IQAC, Department Associations, Class Committee meetings, Societies, Hostel, Anti-ragging committee, and Anti Ragging squad. Anti-ragging committee student members are aware of regulations and contribute significantly for effective compliance. Students take responsibility in organizing various state and national level technical and non-technical events after approval from the respective Heads/Coordinators. Students are actively involved in Chapters of Professional Societies in all disciplines and represent themselves and the institution at various levels.

Co-Curricular Activities Students are given opportunities to voice out their views through debate programs conducted by Tamil Mandram, a student's club. ARCRA club and Music club facilitate the senior student members to address the first-year students and make them involved in various activities to explore their talents.

Extra-Curricular activities

Students play the role of house captain in Jansons Sports Club (JSC) which conducts Sports Day every year. Students are active volunteers in NSS, YRC, and RRC through which they involve themselves in community services.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Alumni Association Alumni Association of Jansons Institute of Technology(JIT) has provided great opportunities for Alumni to share their experience of well equipped and inclined learning environment to the juniors about the Institution. It provides an interface for establishing a link between the alumni, faculties and students. JIT ALUMNI ASSOCIATION was established on January 4, 2022, under the Tamil Nadu Societies Registration Act, with the SF.NO. 443/1,2, 442/1A & 442/1B.

Contribution of Alumni:

Most of the alumni are well placed and are successful in their careers as Entrepreneurs, Employees in various levels, doing post-

graduation courses, skill developers, etc. Alumni share their views with their juniors and give their suggestions towards the betterment during Alumni meet. Many of our alumni are serving in various countries in pursuit of either higher studies or employment. Alumni interactions help juniors to get useful awareness about the opportunities and challenges ahead of them. Apart from this, the alumni during their visit to the institution deliver guest lectures on career guidance in their areas of expertise. Alumni Entrepreneurs give preference to their juniors for both internships and job opportunities. About 30 Alumni interactions were organized in the academic year 2021-2022, where alumni include Entrepreneurs and employees of various levels. Alumni Entrepreneurs give preference to their juniors for both internships and job opportunities. Jansons Institute of Technology has signed MoU with many companies like Spark out technologies and Brinn Tech that are owned by our alumni students. Students have undergone internship programs in those companies

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The Institution's Governing Council efficiently ensures that its vision, mission, and strategies are carried out. The Institute's GC was formed in accordance with AICTE norms. It is made up of members from management, statutory body representatives, academic expert, eminent professional, and member secretary. All policy-related concerns in the management of the institution are considered and conveyed in the GC, and then communicated to the

responsible authorities for implementation. Department Academic Council is constituted with HOD's, Academic and industrial Experts, Alumni and Parent representative, faculty and student members. Status of action plans, Review of university results/course outcomes/feedback, Certification Courses, Curriculum enrichment activities, Internship/Industrial visit, ICT tools, Mentoring and counseling, Research and Funding activities, Technical events, Extension activities, Research and Publication, Sports activities, Grievances etc... are discussed, approved and communicated to all for implementation.

Perspective Plan:

The perspective plan of the institute is to modernize the existing facilities, enhancing teaching learning process, research culture, industry institute relationship, social, moral, environmental awareness, accreditation, to achieve academic excellence.

Participation of the teachers in the decision-making bodies:

Participative Decision Making is the most powerful component of the whole management process. The Principal leads the academic and administrative bodies. HoDs along with faculty members are empowered to make the decision for various activities of the department and also various committee members so that they can get involved in decision making.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Decentralization:

JIT promotes and practices decentralization pattern with its quality policy of decentralized governance in all the academic and administrative activities. It has various academic and administrative committees to monitor the plan and execute the smooth functioning of the Institute. The Governing Council has empowered the Principal for the smooth functioning of all academic

activities, intellectual growth and research pursuits. Power and authority are further delegated from Principal to all HOD's of various departments in academic and administrative work.

Participative Management:

JIT encourages a culture of inclusive management. There is active engagement in planning and implementation at every level (of the institution, GC, IQAC, the principal, the HoDs, the faculty, the non-teaching personnel, and the students). The academic calendar, as well as the teaching and learning process, are actively planned for and carried out by the faculty. All the cells of the institution has representatives of faculty and students.

Purchase of Books and Journals for Library:

The required books are identified by faculty members based on subject allocation prior to the start of each semester or new programme, and other relevant books and recommendations from students and faculty are handled through LB01 and submitted to the Librarian (after verification by the dept. Library i/c) with the approval of HODs. The Principal's approves, and the order is placed.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

Ensuring quality value-based technical education by Quality Management System (ISO 9001:2015 Certification)

Objective:

To provide quality value-based technical education using systematic process (Academics, Placement, Examination, Library, Faculty Development, Physical Education and Administration) and to monitor progress against the achievement of objectives through periodic audits.

Deployment:

The course is planned with course outcomes using revised bloom's taxonomy, assessment components and pedagogy. Flipped classes are also used to satisfy the digital natives. Smart classrooms and Learning Management System is used for posting the materials relevant to the subject, teaching notes and online assessment. TLP feedback is also conducted through Learning Management System. Students learn through experiential methods like, field visit, internships and in plant trainings. One-credit courses(VAC) offered by the university and Industry Readiness Course offered by the institution can be opted by the students. In order to enhance the skill for employability, the students are encouraged to participate in the extra-curricular and co-curricular activities conducted at the institute level and in other colleges. Also placement training are provided by CCR.

The growing demand for the faculty members is to keep themselves abreast of the latest technology is achieved by participating in FDPs, Seminars, Workshops and Industrial Training in order to facilitate the students with a practical exposure on the courses.

Outcomes:

- Improvement of student satisfaction, confidence of students and other stakeholders
- Improvement of the quality of teaching and teacher competences.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Governing council is the guiding force and utmost authority in making policies for smooth functioning of Institution, budget planning, infrastructure development and maintenance, scholarship and new courses, internal auditing reports, accreditation, etc.

Principal is the head of the institution empowered with own decisions in all the Administration, Academic, finance and developmental activities. Head of the Departments ensures effective delivery of curriculum and takes timely decisions on Departmental activities / administration. Apart from statutory bodies there are non-statutory bodies, 7 Technical Societies and 14 technical and non technical clubs are in the Institution. Faculty members are responsible for the delivery of the course, maintaining discipline, providing guidance and mentorship. Head-Corporate Relations job is to organize on-campus and off-campus placement drives and to conduct placement training programme that fulfils the recruiters' needs. IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. It ensures institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices. Exam cell Coordinatorensures smooth functioning of internal and university examinations. Librarian plays a major role in administering, maintaining and updating the library facilities. Administrative officer, System admin, Maintenance/Transport/Food court supervisor and physical director are taking care of activities in their respective areas. The non-teaching, office, lab/department assistants providedrequired support in theirrespective domain.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

Teaching Staff

- All the non-doctoral faculties are encouraged to get enrolled for PhD programs in various Universities.
- Providing extensive on duty to pursue Ph.D. and Research Activities
- Financial Support for attending conferences, workshops and FDPs in their field of interest.
- Knowledge up-gradation through conducting professional development /administrative training programs organized by the institution
- Staff members are covered under group Insurance with life cover and accident cover up to 1 Lakh
- Maternity leave for one year and with faculty requests may extend for another 6 months
- Providing food for faculty in the college hostel mess at nominal price Providing transport facility at subsidized fare
- Providing accommodation in the hostel at affordable cost
- Subscription to Employee Provident Fund and Pension Schemes
- Special leave for religious festivals Faculty can avail Winter 7 days and summer 14 days of vacations
- Blazers for all lady teaching staff for comfortable teaching

Non-Teaching Staff

- Knowledge up-gradation through administrative training programs organized by the institution
- Free uniform for class IV employees like drivers, housekeeping staff, maintenance, canteen and gardeners.
- Lab coats are provided to the lab instructors and lab

assistants.

- Employee Provident Fund.
- Providing extensive Casual Leave.
- Can avail winter 7 days and summer 14 days of vacations
- Free transport and food at subsidized cost for office staff and technical staff.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

A well defined annual performance evaluation system (360 Degree Feedback) is implemented at the institution and progress in all parameters are monitored.

i. Teaching - Process (Maximum Points 25)

This will have the details of courses taught in the academic year in consideration, like Semester, course Code / Name, No. of scheduled classes, actually held classes. The total shall be reduced on 25 point scale.

ii. Students' Feedback (Maximum Points 25)

The candidate shall submit average score for each course taught during academic year under consideration on a scale of 25. The average of total of all such score shall be used.

iii. Departmental Activities (Maximum Points 20)

This section summarizes all the responsibilities assigned by Head of the Department to a teacher during academic year under consideration through a proper office order.

iv. Institute Activity (Maximum Points 10)

This section summaries all the responsibilities assigned by Head of the institute to the candidate during academic year under consideration through a proper office order.

v. ACR (Maximum points 10)

ACR maintained at institute level shall have 10 points.

vi. Contribution to Society (Maximum Points 10)

The candidate involved in different initiatives by AICTE. The candidate will earn 5 points per semester for each activity. The claim should be supported by an office order/ official communication from Head of Institute.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

Internal and external financial audits are conducted under the guidance of a Chartered Accountant. The Finance Committee hears the audited financial statement. In addition to the above, the administrative officer and his colleagues perform regular audits of the College's accounts. Every bill supplied by faculty members and the institution was also audited and validated. The institution takes great care to double check all bills and expenses related to academic and physical facilities maintenance. The expenses are audited by both internal and external auditors. Every year, the institution's finance committee verifies expenses and proposed income and expenses before approving them for implementation.

Internal auditing is the process of approving expense bills, which is reviewed and maintained at three levels. Every department should seek permission from the Principal before incurring any expenses. Once the expense is completed, the bills, along with the Statement of Expenditure in the appropriate format, must be submitted to the Principal for approval. The principal will audit the expenses, authorize the bills, and transmit them to the accounts department for further process.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The Institution has a transparent and well planned financial management system in which students, government and management are the main sources of funds. The Resource mobilization policy focuses on achieving the goals and target of the institution ensuring accountability and transparency. The harmonized Governing Council coordinates and monitors the optimal utilization of the funds for the promotion of learner-centric ecosystem.

The Institution is a centrally managed non-profit organization with honorary governing council members which ensures the income generated is spent optimally in the institution itself. A financial committee is in place to manage the funds. Funds are provided to meet the infrastructure requirement of the institution while starting new programmes and centers. The management provides financial supports to seminars/workshops/expert talks/association activities/faculty development programmes. The extracurricular activities of the students are a major concern and adequate funds provide for sports and cultural activities. Scholarships are granted to the deserving students. Provident fund(PF) benefits are provided to the management appointed staffs.

Financial resources of the institution are

- Tuition fee
- Hostel fee
- Government funds/grants
- Alumni contribution

Tuition fee is used for the infrastructure and academic activities. Government funds and alumni contribution are optimally used for which the amount is sanctioned/contributed. Transparency and accountability is ensured by conducting an annual audit.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Internal Quality Assurance Cell (IQAC) was formed with the objective to develop a quality system for conscious, consistent and catalytic programmed action to improve the academic and administrative performance of the Institution. IQAC of Jansons Institute of Technology has established a Quality Management System PDCA (Plan-Do-Check-Act) approach. IQAC has initiated and implemented the following quality initiatives.

1. Institutions Innovation Council
2. NDLI Club
3. JIT House Championship
4. Mandatory Internships / Fieldwork / Industrial training
5. Industrial Readiness Courses / Value Added Courses
6. Examination Reforms
7. Student Induction Program
8. Citizen Consumer Club
9. Standards Club
10. Electoral Literacy Club
11. UHV courses
12. Energy Literacy Training

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The Internal Quality Assurance Cell (IQAC) established a Quality Management System which details all the teaching learning process, its structure, methodologies of operation and learning outcome. The method of communication, monitoring, responsibility, and control measures of academic process is defined.

Delivery of course content, its effectiveness and timely completion of syllabus is monitored through class record and class committee meetings. Actions against deviations are planned and progress is monitored.

Feedback on course is collected twice in a semester and analyzed by the Head of the respective Department and corrective / improvement actions are recommended and the progress is monitored. Stakeholders' feedback on curriculum is also collected, reviewed and actions against recommendations are initiated based on the comments of the Department Academic Council/Governing Council.

The attainment of course outcomes is assessed by respective course faculty and class advisor. Level of course attainment and programme attainment are discussed in the Department Academic Council and improvement suggestions are recommended and implemented.

All the activities pertaining to the teaching learning process are communicated to IQAC periodically and the progress of all recommended actions are monitored and verified by auditors at end semester internal audits. Corrective actions against deviations are initiated and the progress is verified in the next audit.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Measures initiated by the institution for the promotion of gender equity:

Jansons Institute of technology takes several measures to establish a safe, supportive working and learning environment for people of all genders.

Safe Environment:

The safety of the women is ensured inside the campus by providing,

- Security guards and 24x7 E-surveillance, separate common rooms, Separate dining area, play and workout area for girls
- Blazers for female faculty and overcoat for female staff.
- Individual counseling on gender based issues by the mentors

Gender sensitization through Value education:

Education on human values, life skill and personality development classes and courses related to human values helps the students to celebrate gender equity as a sustainable development goal.

Women Empowerment through IWCC:

The IWCC looks into the overall upliftment of the women community by organizing invited lectures on women empowerment, women rights, health and hygiene related to women. This helps the girls to perform well in their leadership role.

Equity in Roles and Responsibilities

Women equally share the lead role, contribute towards the institution growth. Equal access to roles and responsibilities are given to all students. This improves the inclusive environment inside the institution.

File Description	Documents

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The Institution is conscious of its responsibilities to the environment and has taken initiatives in waste management to maintain an eco friendly campus.

Solid Waste Management

The major solid waste generated in the campus includes, Paper which is collected in yellow dustbin, Leaf litter and Kitchen waste which are collected in green dustbin are disposed regularly. Paper freecommunication in its extreme priority is being practiced in the campus. Metal and wooden waste is given to authorized scrap agents for processing. Food waste is collected and given to authorized agents for further beneficial use/disposal.

Liquid Waste Management

The College has installed a Sewage Treatment Plant of 100 KLDto treat wastewater carried through the underground pipelines and used for gardening purposes alone.

E-waste management

E- wastes like computers, keyboards, mouse's etc are collected and are replaced/disposed of and periodically serviced as per the existing AMC. UPS Batteries are recharged and replaced by the suppliers.

Waste recycling system

The treated wastewater from the Sewage Treatment Plant is being effectively recycled for plants and trees in the campus for gardening purposes as it is not suitable for other purposes.

Chemical waste management

In the chemistry laboratory, solutions are prepared in very dilute concentrations and it is discharged along with domestic effluent from academic block.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Jansons Institute of Technology has taken initiatives to establish inclusive environment within the institution to promote tolerance towards cultural, regional, linguistic, communal and socioeconomic differences. The institution celebrates cultural festivals and organizes cultural fest to develop harmony towards culture among students. JIT UTSAV-the cultural fest platform devised to exhibit the hidden talent of the new budding aspirants makes them to blend with the JIT family. The department level celebrations and Annual day celebrations provides opportunities for students from different cultural backgrounds to actively participate in the programs and present their cultural folk songs and dances thus nourishing cultural diversity.

Students from different states of the country pursue their degree programmes at JIT. The linguistic barrier is overcome by upholding the medium of instruction in English. Celebration of Mother Language Day, conduct of essay competitions, literary book reviews, Elocutions in the mother tongue apart from English cater to the linguistic diversity. The team work established through the JIT Institutional houses - an amalgamation of the students from different background provides an effective pathway for development of harmony towards communal and socioeconomic differences. The Value education- SIP cell is dedicated to bring out inclusive environment through its value education programs, seminars and activities organized for the students.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Jansons Institute of Technology always focuses on the development of students by inculcating the sense of human values, rights, patriotism and responsibilities to make them a responsible citizen. The main objectives are to develop interaction between society and educational institutions, to sensitize students and

employees so that the norms and values of human rights and duties, and education programmes are realized. Through VE-SIP cell (Value Education - Students Induction programme cell), values are imparted to the students from first year during bridge course. The course GE8076 - Professional Ethics in Engineering has been taught to all students.

Independence Day and Republic Day Celebrations

Jansons Institute of Technology celebrates the auspicious day with great honor and enthusiasm every year. The celebration began with marching by NSS cadets.

Electoral awareness

The voter's day is celebrated every year by Electoral Literacy Club (ELC). This electoral awareness campaign was organized for first-time voters on our campus. It motivates the students to exercise their right to vote.

Legal awareness

Grievance cum redressal cell and Anti Ragging committee organizes various awareness programs to educate the students about their basic rights

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Jansons Institute of Technology celebrates national and international commemorative days to inculcate constitutional responsibilities, patriotic spirit and to foster unity for all. The institution organized programmes for Days of National Importance like 'Independence Day', 'Republic Day' and Gandhi Jayanti with fervor and festivity.

Apart from above mentioned days, JIT also celebrated

- National Youth Day to commemorate the birth anniversary of Swami Vivekananda. It is celebrated to make every young generation come across many ideas and plans to cultivate a proper plan to develop every sector in the right way.
- Webinar on Netaji's Birth Anniversary with the objective of remembering and honoring one of the vigorous freedom fighters of India, Netaji Subhash Chandra Bose.
- International Women's Day is celebrated. The important contribution of women in the development of the world economy, political and social participation of women in empowering the nation was emphasized during the program.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Ingenious Innovative Ecosystem for Value Creation:

The objective is to familiarize innovative mindset and startup culture among the students

The context is to devise science-led innovation programs by IIC with the help of technical clubs and technical societies

The practice followed is IIC plans the activities of the technical clubs to foster the innovative ecosystem. The faculty members are trained as innovation ambassadors. Skill development, contests are conducted for students to exhibit their innovation. The developed proof of concept is validated and the institution supports pre-incubation, incubation, and startup.

The evidence of success is the ideas won a prize amount of Rs 7,80,000. The JIT-IIC is rated four stars and the institute was ranked in the 151-300 band in the NIRF innovation category.

The problems encountered is access to business support is difficult.

JIT (Jansons Institute of Technology) House Championship:

JIT (Jansons Institute of Technology) House Championship is intended to provide wider opportunities and empower our students to make informed decisions, allowing them to reach their full potential and prepare them for the next phase of their lives.

The Championship offers our students a priceless chance to develop into the very best versions of themselves.

The house championship features a huge variety of activity across the realms of academics, sports and games, creativity, and intellectual, with options ranging from participating to contributing.

The Evidence of Success is improved student leadership resulting in winning hackathons.

Problems Encountered is control over academic activities and curriculum.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Empowering students through Capacity Building:

Jansons Institute of technology accomplishes its vision of germinating a unique brand of Engineers through capacity building. Various measures were taken to make student self-reliant and independent thinkers. The academic Support for slow learners help them to get graduated. The institution provides Certified industry readiness courses in the niche areas to make industry ready. JIT actively collaborate with Google (GDSC), AWS Academy, Intel oneAPI, Infosys Springboard, Google Crowdsourcing, Hack2Skill, Red Hat Academy, UiPath Academic Alliance for self paced learning. Innovation capacity is nurtured in the students through the well-structured IIC supported by the technical clubs. The JIT institutional house is a significant initiative by the institution that brings the capacity of inclusiveness to the students. The JIT House Championship (JHC) is intended to provide wider opportunities and the division of the students into five houses makes them work collectively towards the goal of the championship without any socio-economic differences. The institution sensitizes the students on duties and responsibilities through its activities of NSS, YRC, RRC, VE-SIP cell, Sustainability Cell, ELC, and CCC.

Thus the various capacity building initiatives help the students to excel in studies and get placed, become entrepreneurs and be socially responsible.
