## Report

<b>Name of the Program / Activity / Event / Others</b>	One day Seminar on Modern techniques in water supply management
<b>Date &amp; No. of days</b>	01 & 11/8/2018
<b>Organized by</b>	Department of Civil Engineering
<b>In association with</b>	ICI
<b>Venue</b>	JIT AUDITORIUM
<b>Participants/ Beneficiaries</b>	All Civil Engineering students

### Event brief (500 words with photo):

A one day seminar on “Modern techniques in water supply management” was organized by department of civil engineering in association with ICI. Mr. V. Sivarajan, Chairman, Builders Association of India, and Coimbatore Centre was the speaker for the programme. The programme started with prayer song followed by welcome address from Edwin S of final year civil engineering. The technical address by the speaker involved the following key points:

- The importance of water treatment
- Sources of water supply
- Available water treatment methods
- Advanced water treatment methods
- Importance of ground water engineering
- Meter/Measure/Manage
- Reverse osmosis system, UV radiation methods

The speaker also highlighted some real time problems faced and the solutions regarding it along with some case studies. The chief guest was honoured with a memento and the programme was validated with a vote of thanks from Saravanan S of third year Civil Engineering.
