Date	7.02.2020 (3.45 to 5.15pm)
Organized by	IPR cell
Venue	Seminar hall
Participants/ Beneficiaries	Faculty members and students of JIT

Event brief :

A patent discussion forum was arranged by the IPR cell on 7.2.2020 at seminar hall for the faculty members and interested students of JIT. Dr.T.Meenakshi, Co-ordinator, IPR cell welcomed the gathering and gave an insight on the patents published by the faculty. Dr P.Gowtham presented his patent on Stylish Hat, its features and the claims made in his patent. The next was followed by Prof. K.Krishnakumar, Department of EEE. He discussed about the requirements for patenting skills. The problem identification, the cause for the problem, the design aspects, the feedback from the end users was discussed. He also gave an insight about the patents he published and his projects that has been selected for different competitions. Finally Dr.K.Mahendran discussed about the mind set of the researcher, the importance of research for the public and the outcome that the public is going to enjoy out of the research. He also discussed about his patent. The forum helped to gather information on the patenting skills. Dr K.Elangovan thanked the gathering and encouraged to arrange such forum every month.
