Event brief (500 words with photo):

The VE-SIP cell organized a webinar on the theme "Basic aspirations of Human Being" on April 17th 2021. Around 10 students shared their views in this webinar. Totally 50 participants attended this webinar. Human values are the virtues that guide us to take into account the human element when we interact with other human beings. Human **Life** consists of **four** aspects: Spiritual, Mental, Emotional and Physical **levels** of existence. In order to find balance, wholeness and fulfillment in our lives, we need to heal, develop and integrate all **four** of these aspects within ourselves.

Human values are, for example, **respect**, acceptance, consideration, **appreciation**, listening, **openness**, **affection**, **empathy** and love towards other human beings. Our **basic aspirations** are happiness (mutual fulfillment) and prosperity (mutual prosperity). Happiness is ensured by the relationships with other **human beings** and prosperity is ensured by working on physical facilities.

Basic Human Aspirations

We desire for many things in this world, say materialistic needs, respect, recognition, love, trust etc, but in the form of all these we aspire for true and continuous happiness and prosperity.

Happiness: "To be in a state of liking is happiness." "To be in a state of harmony is happiness."

Prosperity: Feeling of having more than required physical facility.

For prosperity two things are required –

1. Identification of the quantity required for physical needs &
2. Ensuring availability / production

Desire – Continuous Happiness and Prosperity

- ✓ Verify whether you want to be happy or unhappy
- ✓ Verify whether you want to be prosperous or deprived
- ✓ See whether the basic aspiration is that desire is happiness and/or prosperity
- ✓ Prosperous means "sukosha" financially good and deprived means "to stay away from something" to remain from something
